

EMPLOYMENT OPPORTUNITY

NATIONAL TELECOMMUNICATIONS REGULATORY COMMISSION (GRENADA)

POST OF TELECOMMUNICATIONS/ICT SPECIALIST

Applications are invited from suitably qualified and experienced persons for appointment to the post of **Telecommunications/ICT Specialist** with the National Telecommunications Regulatory Commission at its office located in Grand Anse, St. George's.

Under the general direction of the Coordinator, the **Telecommunications/ICT Specialist** shall be expected to, among other things:

- Monitor and review/research trends and related issues in the telecommunications industry and produce analytical reports on the implications of these trends
- Prepare working papers in response to telecommunications consultations
- Assist with the development of the Commission's strategic work plans
- Identify and advise on hardware, software and network solutions to meet or improve the Commission's operations

QUALIFICATIONS AND EXPERIENCE

- Degree and/or relevant professional qualification in Telecommunications, ICT, Computer Science or other related field from a recognised/accredited university
- At least five (5) years experience in the field of Telecommunications
- Experience in the installation and maintenance of network hardware and operating systems
- Excellent oral and written communication and interpersonal skills

Applications with curriculum vitae, certified copies of relevant certificates and the names and contact information of two referees should be addressed to **The Coordinator**, National Telecommunications Regulatory Commission, P. O. Box 854, St. George's, Grenada, or sent by email to gntrc@ectel.int **by 30th July 2010**.
